

CARRANZA'S CAPITULATION TO REBELS IS IMMINENT

DANIELS LIKENS SIMS TO BARON MUNCH- AUSEN FOR HIS TALES

Admiral's Own Testimony Refutes His Charges He Says

By Associated Press Leased Wire
Washington, May 14.—Secretary Daniels today told the senate investigating committee that what he termed Rear Admiral Sims' "fallacious and baseless" charges that the navy department delays unnecessarily prolonged the war four months was "practically the only charge of unfavorable results from the many alleged sins of omission and commission" the officer had ascribed to the department. It was fully refuted, he added, by the Admiral's own testimony.

"The charge of the prolongation of the war was a definite and serious one," said the secretary. "It was made with reckless disregard of the facts and the reasoning and statistics adduced in its support are those which one might expect to find in the fantastic tales of a Baron Munchausen."

Admiral Sims based his estimate of an unnecessary loss of 500,000 lives on an average loss for the allies of three thousand men a day, Mr. Daniels said.

"The loss of 3,000 men a day for four months falls short of half a million, but of course a million sounds more impressive than the figure which would have been arrived at by correct arithmetic," the secretary declared.

Claims Sims' Charge False
The admiral based his charge on assumption that had there been a million American soldiers in France by March 1918, the war would have ended four months sooner. Mr. Daniels said and completed the reasoning by assuming the tonnage losses of 1917 prevented carrying that number of troops over seas by that date and that failure of the American navy to co-operate heartily in the first months of the war resulted in the heavy tonnage losses.

"It is not necessary to wander far into the realm of statistics or technical questions to show the absolute fallacy of Admiral Sims' claim," Mr. Daniels said.

"It is admitted by Admiral Sims that in the spring of 1918 American troops were transported to France at the rate of nearly 300,000 a month, or more than 10 times the rate to which he said transportation had been restricted in 1917 because of the destruction of tonnage. This simple fact refutes absolutely Admiral Sims' statement that the tonnage losses of 1917 made it impossible to transport any considerable American army" and made it necessary to limit the number of American troops that could be sent abroad during the first year to an average of approximately 125,000 men per month."

There never was a time, the witness said, when tonnage was not available to carry troops and supplies to France as fast as they could be landed and transported to the front, although it was "only by extreme exertions that this was done during the rush of troops in April. Allocation of ships to the United States by the allies was always the dominant factor," Mr. Daniels said.

U. S. Navy Shortened War
"As a matter of fact the American army materially shortened the war," said Secretary Daniels. "It got to the front as soon as it was humanly possible, not by a chance but as a result of careful plans involving complete co-operation between the army and navy, carefully carried out."

Mr. Daniels quoted Field Marshal Haig as saying that the British armies were unable to intervene until nearly two years had elapsed in assisting the allies. The war was over 10 months after United States entered, adding, "no one can deny that within 15 months after our entry the American army was in sufficient strength adequately to assist the allies."

Mr. Daniels quoted from the testimony of Admirals Rodman and Wilson Real Admirals Niblack, McKean, Straus and Fletcher and Captain Pratt to show that all of these officers refused to support Admiral Sims' charge of prolongation of the war.

Underwood Winner in Georgia By 10,381

By Associated Press Leased Wire
Birmingham, Ala., May 14.—Official returns from 65 of the 67 counties in the state in Tuesday's Democratic senatorial primary give Senator Oscar W. Underwood a plurality of 10,381 over L. B. Musgrove, the union labor candidate, and a majority of 1,839 over Musgrove and Judge Sam D. Weakley. Underwood's vote was 65,267; Musgrove's 54,886 and Weakley's 8,551.

KILLING FROST

Last night's heavy frost probably destroyed the fruit crop in the vicinity of Dixon and will have a tendency to delay the growth of some garden products. Fruit growers in the vicinity this morning stated that they were fearful that the entire crop is a loss. Cherries, plums, apples, pears and peaches were almost in full bloom while grapes have not matured to the extent that they will be greatly damaged, it is believed. The frost was quite heavy this morning and beside the damage to the fruit crop, it is quite evident that some of the early garden products will also suffer.

DIXON TEMPLARS TO SPRINGFIELD IN SPECIAL CAR

Will Have Own Sleep- er to Attend Meeting at Capital

Past Commander Glenn F. Coe of Dixon Commandery, Knights Templar, announced late this morning that arrangements had been completed for the transportation of members of the local commandery to the Ascension Sunday services to be held in Springfield Sunday. A Pullman sleeper will be carried by the Saturday evening train on the Illinois Central for the accommodation of the Sir Knights from Dixon, who desire to attend. The expense of the sleeping car is being defrayed by the Commandery.

It was the original intention to start a special train from Freeport to pick up Sir Knights at Polo, Dixon, Amboy and Mendota, but this arrangement was not satisfactory and it was thought that the trip would be abandoned. Several members of the Dixon Commandery had signed up for the trip and these will now be accommodated. Two sleepers will be added to the train, the other for the accommodation of Mendota, Knights.

Drum and Bugle Corps
The bugle and drum corps of the local commandery will make their initial public appearance in the parade to be held through the business section of Springfield Sunday afternoon at 1:30 the head of the Dixon Commandery representation.

The special cars will be attached to the regular south bound passenger train, leaving here at 5 o'clock tomorrow evening. The Knights will return on the morning north bound train Monday before 10 o'clock. While in Springfield, the Knights will have the use of their cars. Sir Knights who desire to make the trip and have not already provided for their reservations are requested to communicate with Past Commander Glenn F. Coe by calling YS18, at the earliest convenience.

The Ascension day ceremonies will be held at the state arsenal at 3 o'clock Sunday afternoon, immediately after the parade. Eminent Grand Prelate Sir Knight Euclid B. Rogers will deliver the message of the afternoon.

INDIANA REPUBLICANS HOLD WILSON CAUSED DELAY IN PEACE MOVE

Unalterable Opposition to League Proposal Set Forth By G. O. P.

By Associated Press Leased Wire
Indianapolis, Ind., May 14.—Indiana will send 10 delegates to the Republican national convention in Chicago next month instructed for Major General Leonard Wood, four instructed for Senator Hiram Johnson of California and sixteen uninstructed. This was one of the net results of the Republican state convention that adjourned since die last night after nominating a state ticket, adopting a platform and electing four delegates at large to the national convention.

The text of the peace plank incorporated in the party's platform, charged President Wilson with being responsible for the delay in ratifying the peace treaty. The text in part follows:

"The treaty of peace with Germany ought to have been made immediately after the armistice. If that had been done, the treaty would have been ratified many months ago, peace would have been attained and the state of war would not have remained between the United States and Germany. President Wilson insisted upon making and forced the representatives of the associated powers to adopt the covenant of the League of Nations as an integral part of the peace treaty. He thus sacrificed peace to his own plan for the League of Nations, seeking in this way through coercion to nullify the constitutional powers of the senate in regard to treaties. In defense of our own constitution, and for the protection and safety and the independence of the United States, the Republicans in the senate resisted this effort to force upon us the League of Nations as the President submitted it."

"As representatives of the Republican party in convention assembled, we declare our absolute opposition to the covenant of the League of Nations as submitted by the President and we fully approve the action of the Republicans of the senate in resisting its adoption."

"The Republicans are not responsible for the delay in securing peace thus caused, but they welcome the issue."

"We favor an association of nations to promote the peace of the world. We favor the establishment of a world court to administer international justice and also earnestly support a general agreement among nations for a reduction of armaments, but we are unalterably opposed to any League or covenant which gives to foreign nations, in any way whatsoever, the slightest control over the military and naval forces of the United States or which gives to a foreign country or tribunal the least jurisdiction over the domestic affairs of the American people or the right to interfere in the full exercise of the constitutional powers of our government or to abridge in any way the American policy known as the Monroe doctrine."

Socialists Pledge Faith in Moscow

By Associated Press Leased Wire
New York, May 14.—The Socialist party of America at its national convention here today voted to reaffirm its allegiance to the third (Moscow) International, with reservations, including that of determining its own national policy.

By a vote of 90 to 40 it rejected a proposal by J. Lewis Engdahl of Chicago to pledge without reservation its allegiance to the third international which was attacked during the Socialist investigation in Albany as the organization that at the bidding of Lenin and Trotsky, had issued a call for violent world wide revolution.

"HE WOULDN'T WAIT UNTIL I WAS DEAD" SAYS JEALOUS WIFE AFTER KILLING

HENRY C. FREDERICKS AND MRS. PAULINE FREDERICKS.

Elgin, Ill.—Mrs. Henry C. Fredericks, dying of tuberculosis, saws her husband "wouldn't wait until she was dead" before he started making love to another. She practiced shooting with an automatic pistol, in the basement of her home. When she felt sure of her aim, she waited until her husband came home to pack his grip and then fired six bullets into his body. She is held for murder, but expects to die before being tried. "I have had my revenge," she says, "I can die in peace."

LaSalle Boxer is Given Hard Beating

By Associated Press Leased Wire
Rock Island, Ill., May 14.—Tommy Comiskey St. Paul, won from "Goats" Doig, La Salle, last night with an ease that startled even his most ardent supporters. Doig seemed unable to solve his opponent's style while Comiskey although outweighted 14 pounds, showed clean superiority in all departments of the game. Doig's vicious attack in the second round gave him a slight shade in that one, but his ferocity failed to impress the St. Paul welterweight, who in return gave "Goats" an artistic lacing in the next three rounds that forced the LaSalle man to more cautious tactics.

Although the men were supposed to weigh 148 pounds at 3 p. m. it was common knowledge that the St. Paul "flash" was fighting at 144 while the rugged La Salle weighed 158. This advantage is probably the only factor that saved Doig a much worse beating as he used his weight in an effort to wear Comiskey down.

DIXON LARGER THAN STERLING OFFICIAL CENSUS COUNT SHOWS

This City Had Bigger Growth in the Last Decade

Dixon's population is larger than Sterling's according to the official account of Uncle Sam's enumerators, made for the 1920 census. The announcements of the census bureau for the two cities show that during the ten years just completed Dixon has had a larger growth than Sterling and has passed the city at the west terminal of the S. D. & E., the margin being nine souls.

The figures for the two cities as announced by the census bureau are:
Dixon 8,191
Sterling 8,182

Dixon Has Larger Growth
In 1910, when the last government census was taken, the figures were:
Sterling 7,467
Dixon 7,216

This year's figures show that during the decade Dixon overcame Sterling's lead of 251, and went nine to the good.

During the ten years the increase of the two cities were:
Dixon 875 or 13.5 per cent
Sterling 718 or 9.8 per cent

Brought Disappointment
According to the Gazette the federal announcement has brought disappointment to Sterling officials and members of the Association of Commerce of that city.

The population of Rock Falls, the independent city across the river from Sterling, has been given as 2,927, giving the two cities a total population of 11,461.

Says Loading Bill Will Kill Shipping

By Associated Press Leased Wire
Washington, May 14.—Establishment of load lines on American merchant vessels to limit their cargo capacity as contemplated by a pending house bill was attacked by E. C. Plummer, attorney for the Atlantic carrier's association today before the senate commerce committee.

E. T. Chamberlain, United States commissioner of navigation championed the measure, declaring that it would tend to increase safety of lives and commodities at sea.

"If you put on this load line, it means the passage of the American merchant vessel from the seas," Mr. Plummer asserted. "There already are laws providing for more safety at sea than this bill can give."

State Track Meet At Clinton Today

By Associated Press Leased Wire
Cedar Rapids, Iowa, May 14.—More than 150 athletes from the eight colleges of the Iowa conference were here today to take part in the eleventh annual conference meet.

Coe college and Cornell of Mt. Vernon have the largest entry lists. The meet promised to develop into a fight between these two schools for top honors.

With cold weather today and the track in rather slow shape, little chance of lowering any of the dash or distance records was seen.

More Irish Police Barracks Destroyed

Leltrim, Ireland, May 1.—Police barracks near this city and at Kesh Carrigan, Bally Farnon, Greivisk and Hillstreet were burned to the ground last night by bands of disguised men. The barracks here, the finest in the county, were occupied by a sergeant and his wife. The couple was ordered out before the building was set afire.

The customs offices at Carrick-on-Shannon was broken into during the night and income tax papers destroyed.

BULLETIN

By Associated Press Leased Wire
El Paso, Texas, May 14.—Surrender some time today of President Carranza and his forces, said to be surrounded near Rinconada Puebla was predicted in a telegram from General Alvaro Obregon, former candidate for the Presidency of Mexico, received today by Louis Montes De Oca, Mexican revolutionary consul at El Paso.

Mexican Situation Outlined Briefly

By Associated Press Leased Wire
Mexican rebel forces have apparently won the first phase of the battle against troops still loyal to President Carranza, which have been fighting in desperate battle north of San Marcos, state of Puebla, for the past four days. Advances from Vera Cruz indicate a break in the Carranza lines and an effort on the part of the President's men to break through the rebel lines and march northward.

The struggle is still continuing, and new rebel reinforcements are reported to have reached the scene coming up from the south.

An international incident may be foreshadowed by the fact that W. A. Body, British consul for Vera Cruz, is in the camp of President Carranza. Advances give no details as to the reason for his presence there but it seems probable that he accompanied the President in his flight from Mexico City. British and American authorities in Vera Cruz have arranged for a Mexican naval lieutenant to go by special train to the battle field and make an attempt to rescue the Englishman.

French and British warships have made their appearance in the harbor of Vera Cruz and four American fighting vessels are at anchor there.

Negotiations for the surrender of Matamoros, across the frontier from Brownsville, Texas, are under way and it was expected the Carranza forces there will surrender without fighting today.

Wilson Willing His Messages Should Go Before Investigators

By Associated Press Leased Wire
Washington, May 14.—White House officials said today that President Wilson's war time address to the Atlantic fleet and messages to Rear Admiral Sims were laid before the senate naval investigating committee by Secretary Daniels with the full consent and approval of the president.

The British admiralty was criticized in both documents and reports published here said that because of this the president might reprimand the naval secretary for making them public.

Quincy Street Car Men Reject Offer

By Associated Press Leased Wire
Quincy, Ill., May 14.—Local street car employees of the McKinley system held a meeting which lasted the greater part of the night and decided to reject the offer made as a compromise for more pay. A committee this afternoon met the management in a last endeavor to come to terms. The original demand for an increase was made Nov. 16 and negotiations have been pending since.

The conference ended in an agreement on all points at issue except the question of hours, which is to be submitted to President H. E. Chubbuck of Peoria.

ROCK FALLS WOMAN FATALLY BURNED AT EARLY HOUR TODAY

Explosion of Gas Cause of Tragedy—Post Office Damaged

Mrs. Mary Coffey, of Rock Falls, aged 50, was fatally burned at an early hour this morning by an explosion of illuminating gas in her flat over the Rock Falls post office, and government property and mail matter in the post office were damaged by water thrown to extinguish the fire resultant from the explosion.

From Mrs. Coffey's nine-year-old daughter, Marjorie, the only witness to the accident, it is learned that the unfortunate woman had gone to the kitchen at about 5:45 o'clock to start a fire in the kitchen range, and that as she lighted a match the entire room was filled with flame. It is believed an open or leaky jet had allowed the room to fill with illuminating gas during the night and that this exploded when the match was lighted.

Clothing Set Afire.
Mrs. Coffey's clothing was ignited by the explosion and before she could run to the flat of John Halverson, on the same floor, where she was wrapped in a carpet, she had been terribly burned about the face and body and had inhaled some of the flames. At the Sterling hospital, where she was taken, it was reported late this morning that she could not live. Her little daughter was unharmed, as she stood at the kitchen door at the time of the explosion and immediately ran down stairs and across the street to the Pippert Hotel, where her mother had been employed, to summon aid.

The explosion set fire to the furniture in the kitchen and soon the entire room was a mass of flames. The fire department was forced to throw a large quantity of water into the flames to extinguish them and this, leaking through into the post office, caused considerable damage to furnishings and mail.

Davison Taken to Freeport for Trial

Deputy United States Marshal Hugh Gallagher, of Rockford, arrived in Dixon this morning and left for Freeport shortly before noon with C. E. Davison of Polo, who was arrested here several days ago by Chief Van Bibber for having morphine in his possession. The chief of police and Commissioner John J. Armstrong accompanied the prisoner to Freeport where he is to receive a preliminary hearing before a United States commission. The two officials were subpoenaed as witnesses in the case.

The action follows an investigation conducted here the first of the week by two special narcotic investigating officers from the federal headquarters in Chicago. The marshal had but one warrant in his possession this morning but it is expected that others may be served following the preliminary hearing which is to be held this afternoon.

Wilson T. Brink is Called This Morning

Wilson Thomas Brink passed away at his home, 625 North Ottawa avenue this morning at an early hour, death following an illness of over three years duration with a complication of troubles. The deceased was born November 18, 1848, at Benton in Columbia County, Pa. He was united in marriage to Miss Carrie Floto, January 13, 1876, who survives him, together with four children: E. C. Brink, of White, S. D.; Mrs. W. J. Schriener, of Chadwick; Miss Ada Brink, of this city, and L. L. Brink, of Amboy. He is also survived by three brothers and one sister: J. F. and Emanuel Brink, of Benton, Pa., and Mrs. Finney, Franklin, Kas. The arrangements for the funeral have not been completed and will be announced later.

Word is awaited from relatives living at a distance who may desire to come before making definite arrangements for the funeral, but it will be held either Sunday or Monday afternoon at 2 o'clock at the residence.

BOYS KILLING SONG BIRDS.

In spite of the bird clubs in Dixon, which seek to instill in the boys the idea that they may have a tender regard for their well-being and a desire to protect them as benefactors of man, the wild Indian in some boys seems to be uppermost every once in a while and boys go forth to slay, it matters little what. Perhaps the boys don't know that there is a law protecting all song birds and birds of benefit to mankind and that they are liable to feel the strong arm of the law when they injure these feathered friends. Some boys with air rifles are reported to be killing song birds in North Dixon and these boys are reminded to have a care and stop the killing at once.

Mrs. Paul Lord, who is very ill, is reported a little better.

ILLINOIS WOMEN'S CLUBS—

The twenty-fifth annual convention of the Illinois Federation of Women's clubs will be held in Chicago, May 25, 26 and 27, at the Congress Hotel, by invitation of the Chicago Association of Commerce.

The morning and afternoon sessions will be given over to routine business and to the reports and addresses from the twelve departments of work.

Tuesday evening a dinner will be given for the State and District Boards and Chairmen of departments.

An elaborate banquet has been planned for Wednesday night with seats for a thousand guests.

A Silver Jubilee Celebration will end the convention Thursday night. "I. P. W. C. in Retrospect," a series of historical tableaux, beautiful and artistic, will be given.

Many side trips and entertainments have been planned for the delegates. A trip to the University of Chicago, a reception at the Art Institute and a visit to the Chicago Tuberculosis Sanitarium are among those on the list.

The Illinois Women's Press Association will have headquarters in the French Room, Congress Hotel, through courtesy of the Chicago Association of Commerce and extend hospitality to all authors, editors, publishers and press women who attend the convention.

SPRATT-HOWER—

A wedding which comes as a surprise to relatives and friends is that of Miss Bessie Spratt, daughter of Mrs. James Spratt, of Franklin Grove and William G. Hower, of Detroit, Mich., which was held in Chicago last Thursday.

The only attendants were the bride's twin sister, Miss Elizabeth Spratt, and Thomas Nickson, of Detroit.

The bride was charming in a suit of blue tulle with hat, veil, and other accessories to match.

Mrs. Hower is one of the most popular young ladies of Franklin Grove and had completed a business course at the Coppins' business college in Dixon, before her marriage. Her winning personality made many friends for her during her stay here.

After a few weeks' visit with the bride's mother, Mr. and Mrs. Hower expect to make their home in Rockford.

Their many friends join in wishing them a long and happy married life.

AT WAMSLEY ARSENAL—

On May 9, 1920, the following long list of visitors came to the Wamsley Bros. arsenal near Polo to inspect the many ancient weapons:

FUND FOR CHILDREN GROWS—

Mrs. W. G. Kent, who is chairman of the Franco-American Children's Relief for Lee, Ogle and Whiteside counties, is meeting with very good response in her appeal for funds to aid in the building of hospitals and sanitariums in France for the children who are diseased and crippled mentally and physically from living in the terrible conditions which obtained throughout the war in many districts in France. An offering of \$26.95 was made by the pupils of the South Side High school last week, following a talk by Mrs. Kent. One senior girl decided that she could do with one gown less and made a contribution of ten dollars. A club in Prairieville gave ten dollars. The entire proceeds of the Moose benefit dance, to be given on May 18th, will be devoted to the work.

ST. PAUL'S MISSIONARY—

The Woman's Home and Foreign Missionary society of St. Paul's Lutheran church held its meeting at the home of Mrs. Edward Dysart Thursday afternoon. Mesdames Rickard, Hubbard and Beckingham assisted Mrs. Dysart in entertaining. Miss Miller very ably and beautifully conducted the memorial services for the

departed members of the society. The Bible lesson, "James the Light of the World," was conducted by Mrs. Hubbard. Several beautiful Victrola selections followed. The lesson on "Medical Missions," was conducted by Mrs. Rickard, assisted in its presentation by Mrs. Beckingham and Mrs. Hubbard. Rev. Lloyd W. Walter, the pastor, made a very interesting remarks on missions. The closing number of the program was a beautiful vocal solo by Miss Vivian Graves, which met with appreciative demands for an encore to which Miss Graves graciously responded with a second charming number. Delicious refreshments were served by the hostesses to the thirty-five in attendance during the social hour which followed the program.

BAPTIST MISSIONARY—

Mrs. Conibear assisted her mother, Mrs. T. J. Miller, in entertaining the members of the Baptist Missionary society, in the regular meeting held at their home Thursday afternoon. Mrs. Sproul led the devotional service. The program topic was, "Work Among the Lepers." Miss Ella Pratt gave a talk on the organization which is international for work among the lepers and also told of where leprosy is prevalent. Mrs. Sproul developed the topic, "Leprosy in Our Country," and spoke in particular of the national leper asylum to be established on one of the Cedar Keys off the west coast of Florida. Mrs. Chiverton read an article, a sketch of the life of a Chinese leper in Harrisburg, Pa. Victrola music followed the papers and a social hour, with dainty refreshments, was enjoyed. The collection taken during the afternoon will be devoted to work among the lepers.

ST. JAMES' MISSIONARY—

Mrs. Frank Royster was hostess on Thursday to the members of the St. James' Missionary society, holding its meeting at her home. Mrs. Geisler, the president, called the meeting to order at 2 o'clock. Following the opening hymn and scripture reading and prayer by the pastor, Rev. S. A. Zimbeck, Mrs. Geisler conducted the lesson, "The Crusade of Compassion," with a number of others entering in to the discussion. Misses Grace Bothe and Josephine Royster gave two delightful musical selections following the brief business session and the meeting closing with the repeating of the Lord's Prayer, a social hour, with the hostess serving refreshments, was enjoyed. Ten members and four guests were present.

CALICO AND OVERALL BALL—

The Calico and Overall ball, given at Rosbrook hall last evening by the Service Star Legion, was eminently successful. One hundred and fifty couples were in attendance and the evening passed most delightfully for all. Many were attired in calico and overalls, although a few managed to slip in without the H. C. L. racing accoutrements. The tickets were sold by Mrs. Hetler and Mrs. George received the tickets at the door. Flags and bunting beautifully decorated the hall. The decorations were kindly loaned by L. E. Edwards and the Legion wishes to thank Mr. Edwards and all the people who so generously patronized the ball, making of it such an unequalled success.

KINGDOM COMMUNITY AID—

The Kingdom Community Aid held its meeting on Wednesday at the home of Mrs. Leo Brink, an all day session, with sewing for the hostess. The attendance was small on account of the all day rain but quite a good deal of sewing was accomplished. At noon a delicious chicken dinner was served by the hostess. The silver collection, taken for the orphan adopted by the society, will be continued until the next meeting on account of the small attendance. Mrs. Brink has also offered her home for the next meeting to be held on May 26th. In addition to the members there were five guests present.

ENTERTAINED CIRCLE—

An especially good meeting of the C. C. Circle was held at the home of Mrs. Bert Smice in Steinmann addition on Thursday afternoon. Roses, tulips, and other spring flowers, arranged in bouquets, decorated the house. The paper of the afternoon on the subject, "A most timely one just now—"What Kind of a Man is Caranza?" was given by Mrs. Carl Straw in most interesting fashion. Mrs. Curtis Rice delighted the company with several musical numbers. Most acceptable refreshments of fruit salad, wafers, two kinds of cake, and coffee were served by Mrs. Smice.

GARRISON SCHOOL PICNIC—

The pupils of the Garrison school, with their teacher, Miss Mary Wolfe, and a number of the parents enjoyed an indoor picnic in the school house on Thursday, the closing day of the school year. Thirty-five participated in the exceptionally good dinner, which ended in ice cream provided by the teacher. An afternoon spent in games and general merry-making completed the day.

PRAIRIEVILLE SOCIAL CIRCLE—

Ten members and three guests of the Prairieville Social Circle were entertained at the home of Mrs. Bernard Behrends in Palmyra in the regular meeting of the circle. The guests included Mrs. John Van Bibber, of Dixon, and Mrs. Morgan and Mrs. Schweitzer, of Gap Grove. Sewing was done on the quilt and at noon the members enjoyed a scramble dinner. The downpour of rain during the day reduced the attendance greatly but those there spent a pleasant and profitable day. The next meeting will be held with Mrs. Maude Drynan of Sterling.

C. W. B. M. MEETING—

Because of the rainy day there were but about a dozen members in attendance on Wednesday at the meeting of the Christian Women's Board of Missions, held with Mrs. G. R. Rhodes. Mrs. Clinton was in charge of the devotional service and the transaction of business. Mrs. Palmer and Mrs. Rickard developed the topic of the afternoon, "Latin America," in most instructive and interesting fashion. Mrs. Rhodes was assisted by her daughter, Miss Ethel Rhodes, in serving refreshments.

R. N. A. SCHOOL HERE—

The large attendance of members made the Royal Neighbors meeting of Thursday evening an excellent one. The orator, Mrs. Tetrick, gave a very interesting report of the recent school of instruction held in Polo and announced that the next school would be held in Dixon the coming October. Plans were made to insure the attendance of a deputy at some meeting previous to the holding of the school of instruction.

SOLDIER IS GUEST—

Private George E. Fender, of Camp Grant, member of the 11th Field Ar-

tillery, has been visiting his cousins, the Wamsley brothers in Polo. He came to Dixon Thursday morning with F. J. Wamsley to visit Mrs. Jack Myers, his aunt. Mr. Fender spent a year in the service in France and was with Pershing four years ago in Mexico.

L. O. O. M. MEETING—

Dixon Lodge No. 727, L. O. O. M., held its regular meeting in Moose hall Wednesday evening. After the meeting a social time was enjoyed by the Moose and their families. Euchre was played and prizes were awarded. Mrs. Belknap winning first prize and W. C. Martin receiving the consolation prize. Refreshments were served to the two-hundred present.

THEATRE PARTY—

Miss Marion Gibbs entertained on Wednesday evening with a theatre party in honor of her twentieth birthday. The company later enjoyed refreshments at the Dixon Candy Kitchen.

TO ADDRESS GRADUATES—

Rev. E. C. Lumsden, pastor of the Dixon Methodist church, will give the principal address at the graduation of the Paw Paw school this evening.

FOR SUNDAY VISIT—

C. W. McPherson, of Chicago, will come this evening for an over Sunday visit with his parents, Mr. and Mrs. J. P. McPherson, 1011 Fourth street.

ST. PAUL'S Y. W. M.—

Monday evening at 7:30 o'clock at St. Paul's Lutheran church will be held a meeting of the Young Ladies' Missionary society.

TO VISIT PARENTS—

Miss Edna Hargrave will come from Chicago tomorrow to spend two weeks

with her parents, Mr. and Mrs. William Hargrave.

P. E. O. MEETING—

Chapter A C. Illinois P. E. O., will meet on Monday afternoon with Mrs. Clinton Judd.

PORK PROGRESS

The great American pig has come
upon better days.
No longer is the porker regarded
as the "black sheep" of the farmyard
and consigned to wallow in a filthy
sty until he has grown into market-
able ham and bacon.
The pig is a pampered pet these
high-cost-of-pork-chops days.
An agricultural writer says:
"With the present and future pros-
pects of high prices for pork there
is no question but the farmers will
build more comfortable and sanitary
houses for their hogs, and hog-house
furniture will consist of more than
V-shaped wooden troughs."
Tomorrow your butcher may tell
you that spareribs are higher priced
because of the increased cost of pig-
pen furniture. Which will be as
satisfactory as any of those price-
raising excuses he has been giving.

BRINGING UP FATHER.

Confessions of a Bride
(Copyright 1920, by The Newspaper Enterprise Association)

I couldn't explain to any of them my reason for insisting that the lona would not turn back when Daddy discovered that Dr. Travers and I were not aboard her. I would tell Chrys, I decided, as soon as we were alone. Chrys understood the intricacies of her father's mind better than any living being. She knew how quick he was to be suspicious and how stub-
born he was once an idea had him in its grip. Even if the idea made him quite unhappy, as the notion that I had eloped with Travers was bound to do. Daddy wouldn't part with it until he was forced to do so. He had to be shown that he was wrong. That was the characteristic, I suppose, which made him so extraordinarily successful in business.
It's certainly a pity that Daddy took his shoes off the floor last night and placed them on a shelf. I said to myself in fine scorn of the superstition. "He's brought bad luck to others than himself! My goodness! A suspicious mind is about the worst luck a person can possibly—"
"Our gas has run out—reserve and all!" announced Dr. Travers. "We had just enough to get back to the spot where the yacht ought to have been. Now that she's disappeared, we'll have to sit around on the waves until some-
body picks us up!"
I looked at Chrys. She was white and drooping and much too weary to make any comment on what was happening. Jordan Spence was watching her, also, as though he were worried about her condition, but neither he nor Travers seemed of distress as a matter of course, then we sat around on the waves, since that was all we could do. Our little motor boat was not in any traffic lane. The Lorimer yacht, having satisfied the port authorities upon its arrival in Mexican waters, had cruised around on the delightful south-
ern sea as if on pleasure bent and nothing more, and had been accustomed to anchor where she would not interfere with ships bound in or out of the harbor.
"We surely have picked quite a lonely little spot on this gulf," was the comment Spence made as we watched masts and funnels slip along the hori-
zon, too far away from us to heed our call for help.
"Looks to me as if nothing had passed this way since the Spaniards took possession of the continent," said Travers. "And the barometer—" He stop-
ped suddenly. Spence appeared to pay no attention to what he said, but a lit-
tler later, I noticed, he rose and stood behind Travers and studied the nautical instruments.
I wanted to ask him what the barometer was doing. The temperature I could judge for myself. Either the day was getting colder, or I was getting nervous and quite chilly in consequence. Chrys had fallen to asleep. Spence helped me to wrap her warmly in the rugs with which the boat was well sup-
plied.
When we had finished I turned to him with the inquiry which was for-
ever on the tip of my tongue.
"Jordan Spence, I must ask you a question," I said, wasting words as human beings are accustomed to do.
"About the weather, Mrs. Lorimer?" he replied, surveying the gray sky which seemed to be settling closer and closer to us.
"No! About Bob!" I spoke with forced composure. "What are you con-
cealing from me? At first I thought that you and Chrys were both too ex-
hausted to talk. Finally I decided that you did not wish to speak to me about my husband."
Spence looked at me steadfastly, as if he were wondering just what kind of a girl I might be, and just how much courage I might have to meet a dreadful emergency.

HEALTH
Stay At Home

Medical science has exploded one of
our pet theories in the treatment of
tuberculosis.
The admonition to catch the first
train for some arid spot in the west
is no longer regarded as necessary in
the treatment of the great white
plague. Physicians now realize that
a change of climate often is not of as
much value as the proper use of
fresh air at home. In fact, that under
the right sort of home care tubercu-
losis responds quite as readily in the
average busy city as in any desert,
or on the highest mountain peak.
These trips to special health resorts
trips which are usually highly expen-
sive, frequently work a very distinct
hardship on those so unfortunate as
to contract tuberculosis. In addi-
tion to this the popular notion regard-
ing the peculiar virtues of climate
have also very materially retarded
progress in the treatment of tubercu-
losis by the average practitioner.
We have numerous instances of
this. Places which are supposed to
possess a climate beneficial to tuber-
culosis are literally overrun with suf-
ferers with the disease. The patients
flock to these places, and often live in
highly insanitary homes with hardly
enough to eat and practically no med-
ical attention, staking their hope for
cure on the climate alone. Needless
to say they are not cured. The only
ones benefited are those with suf-
ficient means to enter the sanatoriums
where they can pay for the proper
diet and treatment.
Sometime ago the National Tu-
berculosis Association adopted a res-
olution favoring the establishment of
tuberculosis wards in every hospital
in every city. This recommendation
was based on the knowledge that tu-
berculosis is no more communicable
than many other diseases which are
admitted to these hospitals, and when
suitable precautions are taken under
proper supervision not as communi-
cable as some.
The average sufferer from tuber-
culosis cannot afford treatment in a
private sanatorium. Others do not
like to go to one. What is badly
needed is a ward in city hospitals so

arranged as to provide plenty of
fresh air and sunshine. These two
gifts of Nature, together with whole-
some food, a proper proportion of
rest, sleep and exercise, make up the
essentials of successful treatment for
tuberculosis. As soon as these can
be made available really effective re-
sults may be expected in the war
on tuberculosis.

Q. Will you kindly advise me
whether it is safe to use tin cans with
patent lids for canning fruits? My
wife will not use them, as she is
afraid the tin will draw poison by
corroding.
"N. S."
A. You need not fear to use the
tin cans because of any liability of
poisoning by corrosion of the metal.
It is very doubtful, however, wheth-
er such cans would be sufficiently air-
tight to keep the canned goods from
spoilage. This is a matter which
be overcome by subsequently sealing
the cans with paraffin. It is suggest-
ed that you address an inquiry to the
Department of Agriculture and ask
them for pamphlets dealing with
home cooking.

One of the earliest of this joke class
concerns the man who rescued the
young son of a clothing merchant
from a watery grave. It is old but
has had a vaudeville revival within
the year.
The hero, still panting from the
exertion of the rescue and with water
streaming from him, is confronted by
the father.
"Are you the man who pulled little
Izzie out of the water?" he is asked.
"Yes," says the modest man, "but
never mind any thanks. It was
nothing."
"It was nothing, was it?" retorts
the father. "Nothing at all, you say?
Nothing? Why, where's his hat?"
At this distance there appears to be
nobody in Mexico who is too proud to
fight.

SCRAMBLE HEARS A NOISE.

Nancy and Nick stayed in the woodpecker's hole in the old maple. Their
Green Shoes had made them very tiny so they were quite comfortable. Be-
sides, they'd promised Rubadub, the fairyman, to find out if Scramble Squir-
rel was happy after he had exchanged his tail for Ben Bunny's long ears.
Scramble wasn't saying whether he was happy or not; but his wife made
a dreadful fuss. "I get a headache every time I look at you," she complain-
ed. "Whenever you come home with the marketing, I think you're a rab-
bit climbing the tree, and all the birds think so, too. They chatter all day
about it."
Mr. Squirrel smiled a wise smile. "Never mind," he nodded slowly. "It
will come out all right. I'm learning to climb nicely without my tail, besides,
when I wish to hide anywhere I don't have to be forever wondering if part
of my bushy tail is sticking out somewhere to give me away. Also, these
ears are great for hearing with! I can hear Snoopy Skunk a mile away."
Just after that Scramble went off for some cress for Mrs. Squirrel to
put into the soup. Nick and Nancy followed, for they wished to find out all
they could to tell Rubadub when they returned to Scrub-Up Land.
Suddenly, up went Scramble's ears! (Bunny's ears really!) A faint rust-
ling had come from behind the thorny bush near him. Aha! An enemy, dis-
covered just in time! So Scramble squeezed hurriedly into a hole in an old
stump.
"Am I all in," he wondered, "so I can't be seen? My, what a good thing I
haven't a tail any more!" And he tucked in every stray hair and lay still as a
mouse.
Nancy and Nick noticed something, however, and they wanted dreadfully
to tell him. I'll tell you tomorrow what it was.

LONE ROBBER HELD UP FIVE MAIL CLERKS NEAR CHICAGO; KILLED

Mortally Wounded Police- Man Before Being Shot by Posse

By Associated Press Leased Wire
Chicago, May 14.—A rifle squad of Chicago police early today cornered and shot a train robber who had robbed an Illinois Central railroad mail car of currency estimated to total \$100,000.

The train arrived at the Sixty-third street station about 1 o'clock—three hours late—and the train robber left the mail car there. A few blocks away two policemen accosted him and he shot one through the head. According to reports received by the police the robber boarded a passenger car on the train at Gilman, about 50 miles south of Chicago and worked his way forward to the mail car where he compelled one of the five mail clerks to tie the hands and feet of the others. The shooting of the policeman attracted a squad of patrolmen who cornered the robber in an apartment building near Faraw. A rifle squad was summoned and after two hours of sniping both sides, the robber was killed. During the exchange of shots which followed the attempt of the two policemen to search the robber he dropped the satchel containing the money taken from the mail pouches. At the Hyde Park police station it was found to contain packages of currency which total approximately \$100,000, according to the police.

Recover Stolen Money.
Chief Clerk Elmer F. Harris, in the mail coach loosened his bonds and pulled the cord stopping the train soon after the robber had departed, but while the alarm was being spread to South Side police stations, Policeman William A. Roberts, the wounded officer, and another policeman, had found the hand and recovered the stolen currency. A mail pouch from Decatur had been taken on at Gilman where the bandit is believed to have boarded the train, according to mail clerks, but whether it contained the big shipment of currency is not known.

The unwounded policeman, who was knocked over when his companion fell mortally wounded, chased the bandit into an apartment house nearby, wounding him once and recovering the money, and from there into another building where the robber is said to have been living. During the siege the robber was shot through the head and several times through the body. According to the police he is Horace Walton, thought to be from St. Joseph, Mo.

According to J. P. Walker, one of the mail clerks, the robber walked directly to the mail sack containing the currency, saying:

"This stuff is easy when you have inside information."

In a few minutes he had packed the currency into a satchel and for the next hour sat guarding the mail clerks.

J. P. Walker, of Chicago, chief of the mail car told detectives there were four other men in the mail car besides himself. E. S. Harris, Carbondale, Ill., who was in charge of the car, A. W. Bloomquist, Neoga, Ill., L. E. Stassen, Peotone, Ill., and a new man named Parks, who had been making the run for the last two weeks.

Said He Was Inspector.
"The train had just pulled out of Kankakee," Walker said, when the robber entered the rear end. I challenged his entrance and he replied that he was postal inspector. Harris started to question him when the robber, whom the police told me was Walton, drew a revolver.

"Walton then called to Parks and ordered the rest of us to lie face down on the floor and motioning to some twine commanded Parks to tie our hands behind us. After he had finished Walton ordered him to get down and tied Parks himself.

"Then the robber selected the Decatur pouch. There were four smaller bags within the large one.

"This stuff is easy when you have inside information," he said. During the next hour while running into Chicago Walton simply sat on a chair and guarded us, talking very little. He assured us that he would get away and left the train at the first stop, Englewood."

WAS BANK SHIPMENT.
By Associated Press Leased Wire
Decatur, Ill., May 14.—The money secured from a Decatur mail pouch on an Illinois Central train near Chicago by a train robber Thursday night was being shipped from a local bank to a Chicago bank. It totaled \$105,000.

Inquiry at the local postoffice brought the information that a stranger was noticed loitering in the corridor of the postoffice for about an hour near noon. W. M. Bering, postmaster, is making a personal investigation in the absence of a postal inspector this morning.

NOTED ENGINEER OUT WITH FACTS

Says The Results He Got From Tanlac Were Nothing Less Than Wonderful

Captain Andy Ospring, engineer on the Pennsylvania railroad, pulling the fast train known as Keystone Express between Terre Haute and St. Louis, declares that the results he has received from Tanlac are nothing less than wonderful.

Captain Ospring has been engineer on the Pennsylvania railroad for the past forty years and is one of the best known and most popular men in the service of this road. His home address is 629 North Tenth street, East St. Louis. Relating his experience with Tanlac to friends in Terre Haute, a few days ago, Captain Ospring said:

"Tanlac will always get a good recommendation from me for the results I have received from it are nothing less than wonderful. Before taking this medicine I had suffered from weak stomach, loss of appetite, sluggish liver and a run-down condition for several years. I could never enjoy anything to eat, suffered with severe pains in my back and chest, and was continually losing weight. The pains in my back were so severe that I could hardly bend over, couldn't even sit comfortably in my cab, and invariably finished my run, feeling all tired out. I had gotten to where I dreaded to make my runs and had lost several trips on account of feeling so bad.

"I had taken lots of different kinds of medicines, but all failed until I found Tanlac. A friend of mine in Terre Haute put me on to Tanlac and that was the turning point with me. Three bottles of this medicine have fixed me up in fine shape and my weight has been increased eleven pounds. I have a fine appetite, don't have a pain of any kind, and feel all of fifteen years younger. I make my trips regularly, never losing any time, and come in from my runs without feeling all tired out like I used to. A medicine that will do such things is certainly worth while and I will always say a good word for Tanlac."

Tanlac is sold in Dixon by Public Drug and Book Co., and by the leading druggists in every town.

Peoria Street Car Men Refused to Go to Work This Morn

By Associated Press Leased Wire

Peoria, Ill., May 14.—Peoria walked to work today. Employees of the Peoria Street Railway company at a meeting which lasted but a little over an hour voted at 2:25 o'clock this morning to strike and as a result not a car was taken out of the barns this morning.

Every sort of vehicle was pressed

into service during the morning and large factories in the city were operating motor trucks on regular routes bringing employees to work.

The men who for a year under the six cent fare have been working under a three class wage scale of 41, 44 and 47 cents, now are asking an increase to 80, 83 and 85 cents, an average increase of about 85 per cent.

Negotiations for a settlement began between the men and the company, May 1 when the 41, 44 and 47 cent contract expired. Both sides were willing to arbitrate, but the company was insistent upon arbitration only

under the stipulation that any wage increase granted by the proposed arbitration board would have to be based upon the company's ability to pay, or in other words, an increased fare. The company claims it cannot operate and pay a higher wage on the six cent fare basis.

EUROPEANS BURY HOARDS OF SILVER

PARIS — Treasury officials and bankers are alarmed by the growth of the practice of burying silver coins. The silver is in many cases worth more than the coins themselves.

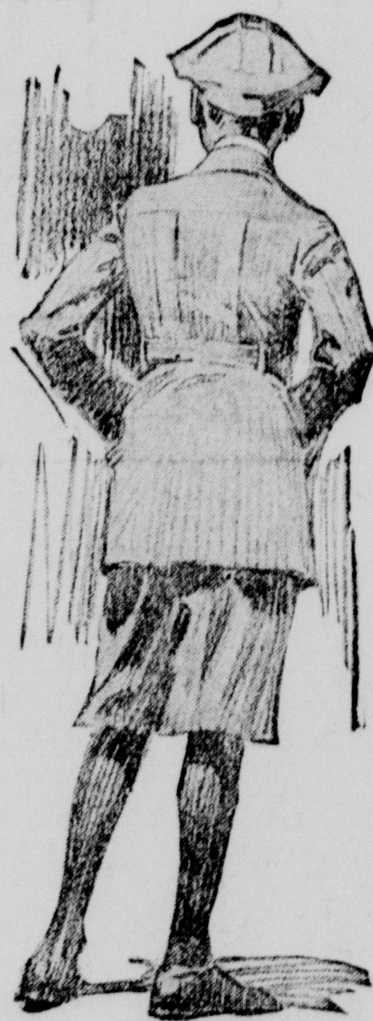

LOTS OF TROUBLE FOR BRIDEGRROOM

NEW YORK—The charges against Joseph E. Dooley, 22 years old, would send him to prison for 30 years or more if he should be convicted on them all. It is alleged that he married Louise Baumann, gave her a worthless check for \$25,000; and assaulted the girl's brother. Now another woman appears claiming to be Dooley's rightful wife. Hotels and taxicab companies file claims against him for numerous bills.

Good Suits at \$36.50

Suits that have been due us for months have just been delivered. Not a large quantity, but an assortment of both men's and young men's models, single and double breasted. These are high grade suits, attractive patterns, servicable fabrics. At this attractive price \$36.50, there's about enough suits in this special lot to last through Saturday's selling. Look them over early.

\$36.50

Several shipments have arrived this week from Hart, Schaffner & Marx—fine Suits at \$52.50, \$57.50, \$60. There always was economy in buying high grade clothing, that's as true now as it ever was. See these excellent values, try them on, compare them from every standpoint with other values to be had. You'll agree with us—they're excellent values—

\$52.50, \$57.50, \$60

LIGHT WEIGHT OVERCOATS

You need one for this changeable weather. The right weights are here—the right styles—the correct fabrics.

\$35, \$42.50, \$45

BOYS' SUITS OF STURDY FABRICS

\$12, \$15, \$18

Your boy may not be as hard on clothes as you think he is. Possibly the fault is more with the clothes than with the boy. The suits are constructed in the double-seat and knee feature — lined knickerbockers, taped seams, made throughout to resist wear.

HART SCHAFFNER & MARX SUITS FOR BOYS

\$22.50, \$24.50, \$27.50, \$29.50

The finest clothes we know of for boys—some have silk-lined shoulders and sleeves—all are wool—"just like Dad's," when it comes to wear and appearance. They cost more—and are worth it.

HOW TO GROW FOOD IN YOUR GARDEN

By W. F. Fechner
Champion War Garden Director of America

BEANS, DRY.
When four years ago a few business men were looking over my test grounds, they asked: "Why are you testing out so many varieties (80) of beans?" They were told that although navy beans were then selling at 4 cents a pound, in less than five years they would sell for 20 cents, or so high that many would do without them unless we can find a bean that can be made to yield the family supply in the back-yard. That time now is, and no one that has access to a few rods of ground need go without this wholesome and concentrated food.

The "White Wonder Bean" has been truly named, and those of us who have eaten it will never set down to "navies" again. This bean is a bush variety, has flat pods that are equal to any as a snap bean, and are perhaps the earliest maturing of all beans of its class. It is a prolific producer and will succeed most anywhere. If planted as soon as ground is warm, the beans will be matured in 65 days, and the ground may then be planted in other crops. The bean is three-fourth the size of a small Lima bean and oval-shaped. Where a small white bean is wanted, the "White Pearl" is to be used. It produces the heaviest of all white beans, and is a sure cropper and disease-free, and in every respect a 50 per cent improvement on the navy. These beans should be planted in rows 20 inches apart and the hills should stand 12 inches apart. Put four beans to a hill and thin out to leave two.

LIMA BEANS
A vegetable garden is hardly complete without Lima beans, which can be used as a shell bean and also to keep dry for winter cooking.

The "King of the Garden" Lima is a general favorite, and in most places yields well, while the "Siesta", a smaller bean, is the surest producer, especially in the south. It stands the heat best. Both of these need poles or supports, or may be planted near the fence to climb on. This "Henderson Bush Lima" is very similar in size and quality to the Siesta, and is decidedly the surest cropper of all bush Limas we have ever tested. It needs no support, as it is a bush, and

Shock-Absorbers For False Teeth

Cleveland, May 1.—Non-Skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "store teeth," forms a smooth cushion, holds them firmly in place, and gives a "non-skid" effect while they romp over the roughest roasting cars of corn and chew the stickiest candy.

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort powder—Corga—at a drug store, and proceed to laugh and sneeze, crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at drug stores.—Adv.

should be planted like other bush beans. This bean can be successfully planted till 65 days before first fall freeze.
Don't cultivate beans deep after buds form.

FULLY PAID—NON-ASSESSABLE TAX EXEMPT IN ILLINOIS

Dividends Paid Quarterly on the First Day of February, May, August and November of Each Year at the Rate of \$6.00 Per Share Per Annum. Dividend Payments Have Been Made Quarterly Since Organization of Company

The Illinois Northern Utilities Company is offering its customers and the public in the territory served by it an opportunity to become partners in its business by purchase of its 6% Cumulative Preferred Stock.

Following are some of the features which make this stock an attractive investment:

1. It is a preferred stock of a home company; an established property with a well-demonstrated and increasing earning capacity.
2. It is issued as fully paid and with the express covenant of the Company that it shall not be subject to assessment by the Company for any purpose.
3. IT IS EXEMPT FROM ALL TAXATION IN ILLINOIS, AND THE INCOME DERIVED THEREFROM BY INDIVIDUALS IS NOT SUBJECT TO THE NORMAL FEDERAL INCOME TAX.
4. The gross earnings of the Company have shown a steady growth during the entire history of the Company.
5. The territory served by the Company is capable of large growth and development.
6. The money put into the business by sale of stock to the Company's customers is used to develop the home territory, as the Company's property is increased to serve the growing requirements of that territory.
7. Back of this stock is a business most essential to the communities served. There is no industry that furnishes products more necessary than light, heat and power.
8. The uses for electricity are increasing every day through the development of various labor-saving appliances, the use of which is a source of revenue to our Company.
9. The Company is not dependent for the sale of its product on one community, or on any class of industries. It enjoys a wide diversity of operation, its business is diversified among many communities, thousands of people, hundreds of industries, manufacturing and agricultural operations, business establishments and residences in one of the most substantial sections of the United States.
10. The Company is operated under an able and efficient management, and is operated entirely from its own territory.

COLONY PATIENTS TO WORK ALL OF FARMS ON SITE THIS YEAR

Increased Agricultural Ac- tivity Noted at Dixon Institution

Agricultural activities at the Dixon state colony are to be greatly increased this season, according to an article in the Institution Quarterly, the official publication of Illinois state charities, which says:

"The land at the Dixon state colony and Dixon state hospital consists of 1,067 acres. Until March 1st of this year, this land has been farmed by tenants on shares. This year, however, the institution has progressed far enough to warrant the taking over and cultivating all the land. There are now 10 acres of orchard; 120 acres of clover; 340 acres of pasture, which includes the rough land along the river; 30 acres in garden; 30 acres of timothy; 200 acres of corn; 30 acres in potatoes; 120 in colony site; 1 acre in sugar beets; 3 acres in mangel beets; 100 acres in oats; 35 in wheat; 50 in barley and 135 in rye. Twenty acres of alfalfa will be started this spring. The orchard is to be increased by 200 apple trees. Five acres of cherries, pears and apples were planted last year.

Will Need Equipment.
"The operation of a farm of so large an area will require large purchases of equipment. The four farm houses have been vacated by their tenants on March 1st. These are being occupied by employees of the institution. Two of them will probably be converted into colonies for feeble minded."

"There were nearly 100 hogs on the place on January 7. The hogs are all the product of a few animals transferred to the colony a year ago from other institutions. During the meantime the institution has not had to purchase any pork. The poultry division will be greatly enlarged by the state on the land acquired from the tenants."

Referring to entertainment at the Dixon state colony, the Quarterly says:

Tell of Entertainments.
"The Dixon State Colony has secured a moving picture machine and has set it up in the bakery which has not yet been operated by the institution on account of the small number of patients present."

"The Ministerial association of Dixon is furnishing a minister each Sunday and also providing music. Recently the Keystone league of Dixon, assisted by wives of ministers gave a concert at the institution which was greatly enjoyed."

"A new institution opening in any community which is unaccustomed to it and especially to the types which it houses has a hard row to hoe. In the beginning the community is likely to be hypercritical and then to be fearful of the patients or inmates. Community interest in the inmates, a realization of the difficulties which attend the opening of an institution and an understanding of its ideas soon wear away fears and prejudices."

DINNERWARE

WE HAVE received shipments of pure white and two very popular patterns in semi-porcelain dinnerware from the leading potteries of U. S. Our prices are extremely reasonable—made possible by the purchase of these dishes last July when prices were lower, and by our economical selling methods. You can buy in small or large quantities, one piece or a set. They are just the thing for the hard wear of every day use, combining good looks with good wearing qualities.

Priced per piece from.....10c to \$2.49

You will find this dinnerware on display in our well lighted basement.

"WALK IT, DURN YE!"

A rug or carpet may be scrubbed without injury to the wool or warp. The colors will be brightened and the carpet look quite like new.

The secret is the use of but little water.

Cut a bar of a good white soap into about a quart of hot water. Dissolve soap by keeping the water just below the boiling point. When the soap is dissolved remove from the fire and add one pint of gasoline and one tablespoonful of ammonia. Mix thoroughly. Keep the paste covered when not in use.

Scrub a small area of rug with a stiff brush dipped in the soap. Scrape up the lather with a broad putty knife and wipe with a damp cloth wrung out of clear water. After the entire rug has been gone over open the windows and allow the rug to dry thoroughly. The fumes of the gasoline will depart as the carpet dries.

MENI FOR TOMORROW
Breakfast—Stewed prunes, cooked cereal, cinnamon toast, coffee.
Luncheon—Toasted sardine sandwiches, pickles, date custard, tea.
Dinner—Beef steak pie, fried parsnips, asparagus salad, cherry sponge, coffee.

MY OWN RECIPES
The beefsteak pie supplies more than one valuable food element. Many made dishes do this. When one serves a made dish it is necessary to be able to at least approximate the calories and not duplicate. But a word about

these "made dishes." It means more time spent in the kitchen, but it also means many economies and a more varied and balanced diet.

DATE CUSTARD

- 1 3-4 cups milk
- 2 eggs
- 1 tablespoon vanilla
- 4 tablespoons sugar
- 1-4 teaspoon salt
- 3 teaspoons corn-starch
- 1-2 cup dates (measured after stone ing)

Four boiling water over dates. Stone and cut into small pieces. Beat eggs slightly, add sugar and salt. Scald milk in top of double boiler. Moisten corn-starch with a little cold milk. Stir corn-starch into milk and cook directly over fire for a few minutes. Cook over hot water for 15 or 20 minutes. Add hot mixture to eggs slowly. Then pour into double boiler and cook for two or three minutes. Add dates and vanilla. Turn into individual molds and serve cold.

BEEFSTEAK PIE

- 3-4 pound round steak
 - 2 eggs
 - 2 cups milk
 - 1 1-4 cups flour
 - 1 1-2 teaspoons baking powder
 - Salt
 - Pepper
- Grind meat very finely, using some of the fat. Season with salt and pepper. Beat eggs, add milk. Mix flour and baking powder. Pour liquid into dry ingredients and mix well. Add to meat and stir thoroughly. Turn into a buttered baking dish and bake in a moderate oven for an hour. But no bug is snug in a rug in this era of vacuum cleaners.

R. A. M. SPECIAL

A special meeting of Naehusa chapter No. 56 will be held at the Masonic hall tomorrow evening at 7:30 for work in the Master degree.

JURY EXCUSED.

The second panel of the petit jury was excused by Judge Heard in the Circuit court Thursday afternoon and ordered to report again this morning at 9 o'clock.

Judge O. E. Heard, State's Attorney Harry Edwards, Attorney H. C. Warner, Circuit Clerk E. S. Rosecrans and John P. Yetter went to Oregon Thursday morning to spend the day on business.

RARE BIRDS

Fortune Teller's Prediction Gave Dep. Sheriff Work

Charles Eich, who lives about seven miles southeast of Ashton, had a valuable cow stolen from his farm about ten days ago. The matter was reported to the authorities, but the animal has not been found. The owner went to DeKalb and confided his loss with a fortune teller, who notified him that another member of his herd of cattle was to be stolen last night.

Mr. Eich called up the sheriff's office yesterday and stated his case, asking that deputy be sent to his place last night to protect his herd from further loss. He was insistent that an officer be assigned and Deputy Joe Miller went to the Eich farm yesterday afternoon to assist the owner in preventing the loss of another animal as was prophesied by the DeKalb fortune teller.

SHERIFF IS ILL.

Sheriff Frank A. Schoenholz is confined to his home suffering from an attack of tonsillitis.

Mr. and Mrs. Tom Pfundstein and daughter, Frances, were dinner guests at the Arthur Scholl home on Sunday.

FEELS LIKE A REAL FELLOW

"After nine years of stomach suffering, colic attacks and bloating, I feel like a living person again. Four doses of Mayr's Wonderful Remedy have entirely restored me. I have met a great many people who, I am sure, need this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all Druggists, everywhere.

Union Giants Here on Sunday Afternoon

The Union Giants, a colored team of baseball players, who are making a tour of the country, have been booked for a game with the Dixon Browns at the latter's field Sunday afternoon. This is not the team of colored players from Chicago which claim to be the original Union Giants. A letter

from Manager W. S. Peters of the Chicago Union Giants states that his team will play in Chicago Sunday and that the organization coming to Dixon is made up of players from Spring Valley, who are traveling under the same name as the Windy City organization which has been playing baseball for 36 seasons.

Violet Moulton, of Franklin Grove, was a Dixon visitor on Wednesday.

Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

SATURDAY, MAY 15TH

49 lb. sack Durkasco Flour, a full patent high grade Northern Spring Wheat Flour, per sack \$1.00
The next lot will be more and what we have will not last over Saturday. Keep a little supply on hand. Some look for the flour market to go as crazy as the Sugar market has now, after the first of June.

We have Jello bought, not in yet, that must sell for 18c per package. Jello, Jiffy Jell and Jelly Powder that we have on hand, we will sell per pkg. 15c

Anything that uses sugar as an ingredient has advanced. Jello has doubled in price. So will Jellies, Jams and preserves, and all kinds of syrup and molasses. We can supply at present with these goods at old or nearly old prices.

8 oz. bottle White Bear Catsup, fancy goods, 2 bottles for 25c

Morning service at 10:45. Subject, "Heavenly Gift Day."
Epworth League at 6:30.
Evening service at 7:30. Subject:—"A Crown and Its Gems."
Prayer meeting Wednesday at 7:30.
The Epworth League officers will be installed at the morning service. We most cordially invite you to all these meetings. We must honor God if we expect to succeed in a permanent way. Make the month of May "Come to Church Month." Good music. "Bend your knees to God," but put your shoulder to the wheel."

Express Agent Held Up; \$9,000 Stolen

By Associated Press Leased Wire
Spokane, Wash., May 14.—Nine thousand dollars in single package of currency was obtained just before midnight by two holdup men who struck and kicked the American Railway Express company agent at the Great Northern station into insensibility, according to the agent, H. A. Peterson.

Approximately \$6,000 in sacked silver was left scattered about the floor of the room.

NAIL SHORTAGE IS THE LATEST TO HIT

Toledo.—Since the lid has been nailed down tight on a lot of things builders here are complaining of a shortage of nails. Coated nails are being used in place of common wire ones.

NOTICE
Having sold my business I wish to thank the good people of Dixon for splendid patronage and good will. I will have Miss Glein located in the East room of the City National bank where all accounts may be settled. Please call as we want to close up our books as soon as possible.
W. H. Hood, successor to Geo. J. Downing.

PARIS FASHIONS IN FALSE TEETH

Paris, April 2.—We may safely predict for the coming season that

styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort powder Corega, procurable at drug

stores and dental dealers. This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastification of foods with

ease, relaxes facial muscles and prevents sore gums.—Adv.

A Word of Advice Regarding the Time of Your Visit to Chicago

On June 8 the Republican National Convention convenes in Chicago. For an indefinite time previous to and following that date Chicago hotels will, in all probability, be unable to accommodate persons who have not made reservations far in advance. Another crowded period will be from July 5 to 10, when the great gathering of Elks takes place. It will be well, therefore, for those who can, to so arrange their visit as to come either previous to June 1 or after July 10. Tourists will find the month of August an especially favorable time. In any event, the only safe plan to insure satisfactory hotel accommodations is to reserve rooms well in advance.

This statement by the management is prompted by the keen personal concern for the comfort of its guests which is at all times felt by all the staff of Brevort Hotel. That you may know and enjoy the full measure of hospitality for which Brevort Hotel is famed and so find double pleasure in your visit to Chicago is the wish of all.

ATTAR OF ROSES IS DISAPPEARING

BUCHAREST—The harsh demands of commerce probably will cause the extinction of the classic scent, attar of roses. Bulgaria used to produce 125,000 ounces annually. The last crop was 52,000 ounces. Most of it has been shipped to America in exchange for flour. Five thousand acres of rose gardens have been planted to tobacco, which pays larger profits.

Miss Nina Antoine, of Amboy, was in Dixon Friday.

Brief Summary of Last Night's News

By Associated Press Leased Wire

MEXICO CITY.—President Carranza's policy toward the United States was "national suicide," General Alvaro Obregon stated in an interview with an Associated Press correspondent.

WASHINGTON.—A radio from Tampico to the navy department said General Palaez arrived at Tampico and was cordially received. In de facto control of the oil fields, his attitude heretofore had been in doubt.

WASHBURN, N. D.—Henry Lyster, farmer, confessed to the killing of Jacob Wolf, his wife and five children and a chore boy, near Turtle Lake on April 22, it was stated by the state's attorney. A quarrel over a dog was given as the cause.

LAREDO, TEX.—Whistles were blown and bells rung in celebration of the news of Monterey's occupation by Mexican revolutionary troops.

EL PASO.—President Carranza of Mexico was reported in a telegram as surrounded and in desperate straits at Rinconada, in the state of Puebla.

GREENVILLE, ILL.—Harvey O. Beasley, farmer, charged with the murder of his wife and two small sons at Webster City, Ia., on Sunday, was reported surrounded in a woods by two possees.

ROCK ISLAND, ILL.—Tommy Comiskey, St. Paul, defeated "Goats" Dolg, Spring Valley, in eight of ten rounds.

LOS ANGELES.—George Goldbach, said to have been once confined in an insane asylum, reported by police to have confessed the murder of H. J. Robbins, retired banker of Shelton, Neb., on the night of May 3.

BATTLE CREEK.—Tony Melchior.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

WHY CHILLY WEATHER BRINGS RHEUMATISM

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

A Home To Fit Every Pocketbook

IF YOU ARE RENTING, and are enjoying (?) that sensation of uncertainty as to how long it will be before the house is sold and you will have to move to—goodness only knows where—come in and see us. We're the easiest people you ever saw to get up to—you don't have to hand us oranges on the end of a fish-pole. Your only regret will be that you didn't get acquainted with us long before.

Speaking of the scarcity of houses to rent reminds us of the experience of one lady who looked up just 48 leads before she found one she could get, and then she had to take a place and let the old rooster who owned it retain a room or two—just think of all that racing around and telephoning and then not being able to get a whole house for her family. Moral: See Sterling, and buy a home and thus save a lot of time and trouble.

Will be in the office on Sundays from 10 to 12 in the forenoon and from 2 to 4 in the afternoon, to take care of people who can't get away from their work during the week.

No trouble to show property. We have one or more skunk-barouches on duty days, nights and Sundays.

Here's a list of homes on tap at this time, and we have lots of others:

new members the week of May 17-22, inclusive. The "push" will be nationwide. The field includes every man or woman who is eligible, which means every one who served in the World War in the army, navy or marine corps between April 6, 1917, and November 11, 1918; also Americans who served with our allies in the war and who have returned to American citizenship.

Remember there are no Honorary memberships. Active members who can fill the above requirements are the only sort wanted. The goal is a million new members. This will include men who once belonged and who have stopped paying dues and dropped out. These men are really Legionnaires but this post is not getting the advantages of their active service and interest. The methods to be used in the drive are publicity and personal solicitation.

Civilians can assist in the drive by suggesting men or women who are eligible and who have not come in. Look for the official button—it is a badge of honor.

Why be One in a Million when you can be one in 20? Only about one American in twenty is privileged to JOIN THE AMERICAN LEGION. Exercise that right. Membership week, May 17-22.

ALABAM PASSES BUCK TO SATAN

PORTLAND — "Judge, 'taint my fault a-tall. Satan comes to me and dun urge and urge and urge and he sez to me, 'G'wan, take dat brass, I tell yuh, take it 'Alabam.'"

So Alabam Jackson explained to the court here. His honor was sympathetic. "Too bad," commiserated. Hizzoner, "Too bad indeed, 'Alabam.' But we'll fix it. You go to jail for 30 days and then if Satan comes back he won't be able to get you. Next!"

Boudoir talks with Sybel on how cocoa butter keeps the skin young

Tiny age wrinkles start the minute the skin becomes sluggish. They soon grow to be really conspicuous. Today Sybel explained to me how easily this condition could be avoided.

"It's simply foolish, dear girl, to allow the skin to grow sluggish or lifeless. It is so easy to defy wrinkles and retain a fresh youthful complexion.

"We can do this by stimulating and nourishing the skin. Scientists recommend cocoa butter as a skin food and Coco-Bloom—my cocoa butter cream—is not only rich in cocoa butter, but contains other ingredients equally beneficial.

"Rub Coco-Bloom into the pores until the cream is entirely absorbed using an upward and outward motion. Afterward use first hot then cold water applications and lastly witch hazel to close the pores. A few of these treatments will work a marvelous change in the appearance of your skin.

"Remember, Coco-Bloom is a cocoa butter cream, and it supplies exactly what is needed to make your skin healthy."
